IV Treatments Menu & Price list

Weight Loss Drip

R 900

- In order to lose weight your body needs to be in peak condition to do so. Our weight loss booster combines a special formulation of vitamins, anti-oxidants, trace elements and amino acids to boost your metabolism.

Brain Booster

R 1000

- For those brain fog, forgetful weeks where your cognitive powers have started letting you down. Improving oxidative stress, increasing neurotransmitters and enabling your brain to detoxify and work optimally.

Travellers Companion

R 920

- Especially formulated for all our jet-setters: Whether you are on your way or just returning from the trip of a lifetime - dehydration, fatigue and exposure to a range of unwanted germs are just a few of the things you are facing. The travellers companion rehydrates while boosting your immune system at the same time.

NAD IV Treatment

R 1600 - R 2000

- NAD is a coenzyme that powers metabolic processes and impacts a wide variety of systems including digestion, cognition and mental clarity, aging & overall energy levels. NAD increases your body's levels of serotonin, a neurotransmitter associated with mood regulation & can improve symptoms of depression and anxiety.
- Slow the aging process
- Restore the appearance of the skin and reduce wrinkles
- Improve brain health and neurological function
- Improve mental clarity
- Improve brain regeneration
- Reduce overall fatigue
- Restore muscle function and athletic performance
